"According to his campaign website, Ed Case "understands what excessive taxes and unnecessary regulation can do to our economic engine especially in tough times." But his voting record from 49 months in Congress shows that **Ed Case voted 72 times for higher taxes or fees—on average one vote every 21 days.** Case claims to be an independent "Blue Dog" Democrat, but most of the 72 votes were cast in lockstep with Rep. Nancy Pelosi's "progressive"-controlled House Democratic Caucus."

More of the same here:

In a recent Political Ad, Ed Case stated once again that is he has been "fighting to lower taxes" and we should Thank HIM for it...This idea is absurdly false.

Question: How is voting **FOR** virtually every possible tax **INCREASE** and voted **AGAINST** every possible tax **DECREASE** to be considered good for the people of Hawai'i and how is this "fighting to lower taxes"?

Ed Case recently voted for (2) massive appropriations Bills that are directly linked to the skyrocketing inflation and will result in, once again increased taxes:

The "Inflation Reduction Act" that Ed Case recently voted for includes Hundreds of Billions of Dollars to fight for "**Climate Justice**".

Please keep in mind, the very Inflation we are dealing with was caused by among other things, massive spending bills such as the (\$1.75 Trillion) The "Build Back Better Plan".
