INFLATION REDUCTION ACT???

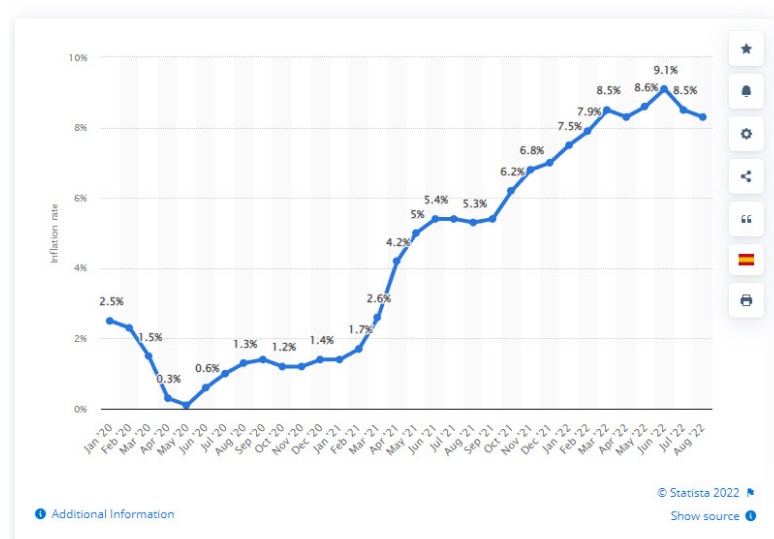

The Federal Government has a significant role in determining how hard inflation hits us one way or the other.

DC legislators (Ed Case included) in lock step with Joe Biden have gone on an unprecedented spending spree under the guise of the Build Back Framework\“Infrastructure Law”.

From there a deceptively named Bill, “The Inflation Reduction Act” was also passed. Inside that package of empty promises, BILLIONS of dollars to were assigned to “fight against climate change”. This is called “BAIT AND SWITCH”.

Ed Case is no Fiscal Conservative. Fiscal Conservatives believe in: reduced government spending, free markets, privatization, free trade, tax cuts wherever possible, and minimal government debt. None of these attributes can be assigned to Ed Case's voting record.

The graph below is proof enough things are not going well.

No matter how many ways it may be spun, we feel it at the pump, at the grocery store, travel and purchasing the necessary goods and services to live out our lives. With this Administration, it's inflation by design.

GOING AFTER THE POLICE - NOT THE CRIMINALS

Crime is rising with more and more Police Officers leaving their jobs every day. Recruiting and training their replacements in a massive problem. Why is this happening?

There has been a disturbing trend to "demonize" the Police for any number of reasons. To make matters worse, too many Politicians minimize the conduct of the criminals while dismissing the needs of the actual victims. The Media has been selling the "Defend The Police" and stirring up the division between the Citizens and Law Enforcement. Before you buy into the narrative, do your own research and develop your own conclusions. Small business owners, homeowners and host of others see the effects of these ideas firsthand on a daily basis.

ED CASE VOTED FOR H.R. 1280

[HTTPS://WWW.CONGRESS.GOV/BILL/117TH-CONGRESS/HOUSE-BILL/1280](https://www.congress.gov/bill/117th-congress/house-bill/1280)

This Bill takes away much of the protection a Police Officer needs in order to function without fear of unnecessary reprisal for carrying out their duties. It comes down on the side of the criminals, not those that serve to protect our society on a daily basis.

Conrad Kress has been endorsed by the State of Hawaii Organization of Police Officers for his stated support of Law Enforcement and their important service in our everyday lives.

SENDING HAWAII JOBS OVERSEAS

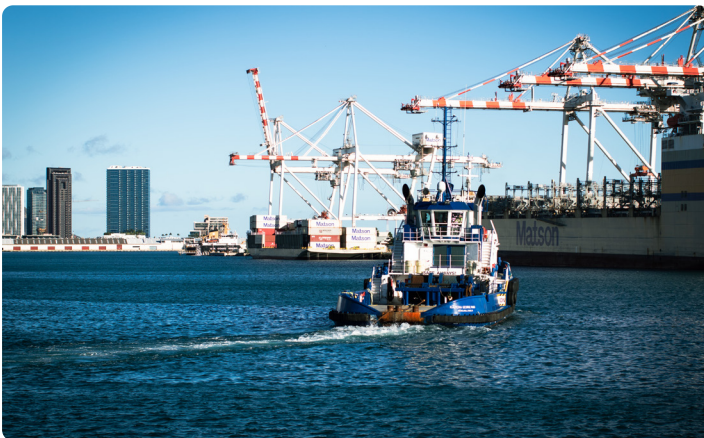

There are powerful reasons why the Inlandboatmen's Union (IBU) and the International Longshore and Warehouse Union (ILWU) Local 100 have endorsed Conrad Kress.

[Read the Press Release](#)

[Read the Endorsement Letter](#)

THESE WORKERS UNIONS UNDERSTAND THAT ED CASE IS WILLING TO OUTSOURCE THEIR JOBS AND ALLOW FOREIGN COUNTRIES AND FOREIGN WORKERS TO DESTROY THEIR LIVELIHOOD.

DURING HIS LAST TERM, ED CASE INTRODUCED (4) BILLS DESIGNED TO TAKE AWAY JOBS FROM HAWAII.

ALL of them had ZERO cosponsors. In other words, nobody else thought they were a good idea.

[H.R.6974 - TO AMEND TITLE 46, UNITED STATES CODE](#)

The Jones Act is critical to American security and prosperity, delivering over 650,000 U.S. jobs, a reliable supply chain, and protection to our nation's borders and national security interests. These benefits do not stop within the contiguous United States – and are realized even more in states like Hawaii, 2,500 miles from the U.S. Mainland and home to 13,000 jobs related to the Jones Act shipping industry.

[HTTPS://WWW.AMERICANMARITIMEPARTNERSHIP.COM/HAWAII-ECONOMY/](https://www.americanmaritimepartnership.com/hawaii-economy/)

Why would anybody want to push to remove 13,000 jobs, from Hawaii, especially during these hard economic times?

Have we not already shipped enough jobs, industries and money overseas?

What interest does this serve the People of Hawaii?

"Hawai'i has always had a proud seafaring history which continues today. Outsourcing our maritime and waterfront related jobs here in Hawai'i would most certainly devastate thousands of families on every island. Shouldn't we be creating more jobs for our future generations, how do they expect anyone to be able to provide for their families and contribute to the community? "
